

Adjustable Height Multi Function Mobile Scaffolding for Different Construction Scenarios

Our Product Introduction

Basic Information

- Place of Origin: china
- Brand Name: bythai
- Certification: SGS,IOS
- Model Number: BT208
- Minimum Order Quantity: 1000
- Price: 4.5-8.5
- Packaging Details: container
- Delivery Time: 10-15
- Payment Terms: L/C, T/T

Product Specification

- Features: Multi-functional, Easy To Assemble And Disassemble, High Load Capacity, Corrosion Resistant, Durable
- Advantages: Versatile, Cost-effective, Time-saving, Safe And Stable, Suitable For Various Construction Projects
- Application: Construction
- Color: Silver
- Components: Verticals, Horizontals, Diagonals, Ledgers, Base Jacks, Base Collars, Base Plates, Transoms, Brackets, Etc.
- Material: Steel
- Package: Steel Pallet Or As Per Customer's Request
- Size: 1.5m X 2.5m
- Standard: EN12810/EN12811
- Surface Treatment: Hot Dip Galvanized
- Usage: Supporting And Providing Access To Work

Product Description

Multi function scaffolding

Product Details

Multi function scaffolding

Name	Size	Surface	Quantity	Unit weight
Ladder Frame	29"W *65"H	Powder Coated	2	24.93
Platform Truss	60"L	Powder Coated	2	21.6
Plywood Platform	29"W	Powder Coated	1	29.65
Outtrigger	18"	Powder Coated	4	6.33
Caster	5"	Electric Galvanized	8	5.07

□□□

product description:

Welcome to experience our multifunctional mobile scaffolding, which is a powerful assistant at your construction site! Whether on a construction site, renovation site or home DIY project, this scaffolding can provide you with solid support and easy movement.

Special feature:

Multifunctional design: This scaffolding has multiple functions and can be used in various scenarios such as scaffolding, supporting tools, temporary working platforms, etc. to help you complete various tasks.

Detachable wheels: The wheels equipped with the scaffolding can be easily detached, allowing you to choose a fixed or mobile state according to your needs. Whether you need to be fixed in a certain position for long work, or you need to move flexibly around the construction site, we can meet your needs.

Stable and reliable: The scaffolding has a stable structure and is made of high-strength materials to ensure your safety when working at heights. It is simple to set up, easy to use, can bear weight, and provides you with a stable working platform.

Adjustable height: The height of the scaffolding can be adjusted as needed to meet the requirements of different construction heights, allowing you to easily cope with different work scenarios.

Durable Material: We use high-quality materials to manufacture our scaffolding, which is durable and long-lasting, ensuring you worry-free use for a long time.

Application scenarios:

Construction site: Suitable for building and maintaining construction platforms at construction sites, providing workers with a safe and convenient working space.

Home decoration: When carrying out home decoration or repair, it can be used as a temporary working platform to facilitate high-altitude operations and maintenance work.

Factory workshop: Provide flexible mobile support for factory workshops, suitable for the maintenance and upkeep of various equipment.
