

Walk through Frame Portal Scaffolding Specifications Portal Scaffold System

Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Model Number: BT04

Product Specification

- Weight: Lightweight
- Cost-effectiveness: Yes
- Durability: High
- Safety: High
- Surface Treatment: Powder Coating
- Stability: High
- Material: Steel
- Color: Steel, Painted Color
- Highlight: **Lightweight Frame System Scaffolding ,
Customized Frame System Scaffolding**

Product Description:

Frame System Scaffolding: Steel and Painted Color Versions

Our Frame System Scaffolding is the ideal solution for any construction project. It is designed for high safety, stability and load capacity, and is made of steel for long-term durability and reliability. Our H Frame Scaffold System is the perfect choice for any construction application, as it is easy to install and allows for a walk through scaffold system. It is available in steel and painted color versions, both of which are sure to provide maximum safety and stability. With our frame system scaffolding, you can rest assured that your project will be completed with the highest level of quality and reliability.

Features:

Product Name: Frame System Scaffolding

Cost-effectiveness: Yes

Size: Customized

Material: Steel

Durability: High

Flexibility: High

Features: Scaffold Mobile Frame, H Frame, Frame System Structuring

Technical Parameters:
