

## Adjustable Steel Prop Scaffolding Metal Props Construction Q235 Propssupport Props

Our Product Introduction

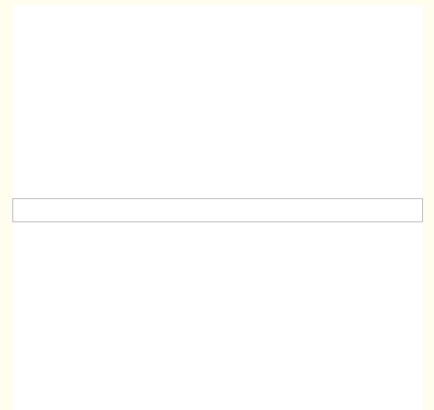

### Basic Information

- Place of Origin: china
- Brand Name: bythai
- Minimum Order Quantity: 1000
- Price: 4.5-8.5
- Packaging Details: container
- Delivery Time: 10-15
- Payment Terms: L/C

### Product Specification

- Adjustability: Adjustable
- Application: Construction
- Safety: High
- Surface: Powder Coated/galvanized
- Surface Treatment: Hot-dip Galvanized
- Weight: 120 Lbs
- Highlight: **Adjustable Steel Prop Scaffolding,  
Q235 Steel Prop Scaffolding,  
Q235 Propssupport Props**

## Product Description

### Adjustable Steel Prop Scaffolding Metal Props Construction Q235 Propssupport Props

product description:

Scaffolding steel supports are an essential construction tool used to provide support and stability to temporary work platforms and structures. Our range of scaffolding steel supports is renowned for its superior quality, diverse specifications and wide range of applications.

Specifications and dimensions:

Materials: We offer two main steel options including durable Q235 and strong Q355B.

Lengths: Our products are available in a variety of length options including 40mm, 48mm, 56mm, 60mm, 70mm, 76mm and 89mm to meet a variety of support needs.

Surface treatment: Customers can choose surface treatment of spraying process, galvanizing, pre-galvanizing or hot-dip galvanizing to adapt to different environments.

Performance features:

Our scaffolding steel supports offer outstanding performance features including:

- High load-bearing capacity to ensure the stability of the working platform.
- Corrosion resistance, suitable for different climate and environmental conditions.
- A variety of specifications to choose from to meet various engineering needs.
- Durability ensures long-term use and excellent performance.

Materials and Manufacturing Process:

We use high-quality Q235 and Q355B steel and undergo exquisite manufacturing processes to ensure the consistency and reliability of product quality. Our product manufacturing process follows the highest quality standards to meet the requirements of our customers.
