Professional Scaffolding Step Ladders Step Extension Ladder Scaffold Platform Ladder

Product Description:

Scaffolding Ladders - Product Overview

Our Scaffolding Ladders are designed to make your work on scaffolding structures more efficient, reliable, and safe. With a load capacity of 150kg, they are perfect for heavy-duty tasks and can withstand even the toughest working conditions. Whether you need to reach high places or move on the scaffolding easily, our ladders are the ideal choice for you.

Features:

Load Capacity: 150kg

Step Height: 30cm

Color: Silver

Surface Treatment: HDG (Hot-Dip Galvanized)

Warranty: 2 Years

Product Description:

Our Scaffolding Ladders are designed to be versatile and easy to use. They come with a hook on the top, allowing you to securely attach the ladder to the scaffolding structure. This feature ensures stability and safety while working at high heights. The ladder is also equipped with non-slip steps, providing a strong grip and preventing accidents.

The step height of our ladders is 30cm, making them suitable for climbing up and down the scaffolding. The steps are evenly spaced and have a smooth surface, making it easy for you to move up and down the ladder with tools or materials. The ladder is also lightweight, making it convenient for you to carry it around and place it wherever you need it.

The ladders are made from high-quality materials, ensuring durability and longevity. The silver color gives them a professional look and makes them stand out on the scaffolding structure. The surface treatment of HDG (Hot-Dip Galvanized) provides excellent corrosion resistance, making the ladder suitable for outdoor use.

Why Choose Our Scaffolding Ladders?

Heavy-duty and durable

Safe and efficient

Reliable for all your scaffolding needs

High load capacity of 150kg

Smooth and non-slip steps for easy climbing

Convenient hook for secure attachment to scaffolding

Lightweight and easy to carry

Professional silver color

Excellent corrosion resistance with HDG surface treatment

2-year warranty for your peace of mind

Our Scaffolding Ladders are the perfect choice for any scaffolding project. They provide a safe and efficient way to access high places and work on scaffolding structures. With their heavy-duty construction and reliable performance, they are a valuable addition to your toolkit. Choose our Scaffolding Ladders and make your work on scaffolding easier and safer!

Applications:

Scaffolding Ladders - bythai

Brand Name: bythai

Model Number: BM224

Place of Origin: China Tianjin

Minimum Order Quantity: 1000

Packaging Details: Container

Delivery Time: 10-25

Product Description:

Introducing the Scaffolding Ladders by bythai - your ultimate solution for all your outdoor working needs. Made with high-quality materials and designed for safety, our ladders are the perfect choice for construction workers and DIY enthusiasts alike.

Features:

Load-bearing ladder with a capacity of 150kg

Made from durable aluminum for long-lasting use

Sturdy and lightweight design for easy portability

Step height of 30cm for comfortable climbing

Size of 3m for reaching high areas

Silver color for a sleek and professional look

Comes with a 2-year warranty for your peace of mind

Application:

Our Scaffolding Ladders are designed for outdoor working, specifically for construction sites. They are perfect for tasks such as painting, cleaning, and repairing high walls or ceilings. The sturdy design and load-bearing capacity also make them suitable for heavier tasks such as carrying building materials.

Usage Scenario:

Imagine you are a construction worker tasked with painting the exterior of a tall building. Our Scaffolding Ladders would be your go-to equipment for this task. With its lightweight design, you can easily carry it to the desired location. The 30cm step height ensures comfortable climbing and the 3m size allows you to reach high areas. The sturdy aluminum construction and load-bearing capacity of 150kg ensures your safety while working. And with a sleek silver color, you will look professional while doing your job.

Ordering Process:

If you are interested in our Scaffolding Ladders, please contact us with your order details. The minimum order quantity is 1000 ladders and the delivery time is between 10 to 25 days. The ladders will be delivered in a container for easy transportation. We assure you that our products are of the highest quality and we offer a 2-year warranty for any manufacturing defects.

Conclusion:

In conclusion, the Scaffolding Ladders by bythai are the perfect choice for your outdoor working needs. With its sturdy and durable design, lightweight construction, and load-bearing capacity, you can trust our ladders to keep you safe while working. So why wait? Place your order today and experience the convenience and safety of our Scaffolding Ladders.

Packing and Shipping:

Packaging and Shipping

Packaging

Our Scaffolding Ladders are carefully packaged before they are shipped to ensure their safe delivery to your doorstep. They are packaged in sturdy cardboard boxes with foam padding to protect them from any damage during transit. The packaging is designed to be compact and lightweight, making it easier for you to handle and transport the ladders once they arrive. The boxes are also labeled with clear instructions and handling information for your convenience.

Shipping

We offer worldwide shipping for our Scaffolding Ladders, with various shipping options available to suit your needs and budget. Our products are shipped from our warehouse within 3-5 business days after you place your order. We work with reliable and trusted shipping partners to ensure timely and safe delivery of your order. You will receive a tracking number once your order has been shipped, which you can use to track your package until it reaches your doorstep. If you have any specific shipping requests or concerns, please don't hesitate to contact our customer service team for assistance. We are committed to providing the best shipping experience for our customers.
