Product Description:

Scaffolding Ladders - The Ultimate Solution for Your Industrial Needs

If you are looking for a reliable and sturdy ladder to assist you with your industrial tasks, then look no further than Scaffolding Ladders. Our aluminum ladders are designed to provide a safe and secure platform for you to reach heights of up to 3m, making it the perfect choice for a variety of industrial applications.

Product Overview

Scaffolding Ladders are designed to meet the demands of heavy-duty industrial work. With a load capacity of 150kg, our ladders are built to withstand heavy loads and provide a stable and secure platform for you to work on. Made from high-quality aluminum or HDG material, our ladders are not only durable but also lightweight, making them easy to transport and move around.

Sturdy and Durable

Our Scaffolding Portable Ladders are built to last. Made from high-quality aluminum or HDG material, they are resistant to rust, corrosion, and wear and tear, ensuring their longevity and durability. You can rely on our ladders to withstand heavy loads and provide a safe and stable platform for your industrial needs.

Versatile Design

The versatile design of our Scaffolding Portable Ladders makes them suitable for a variety of industrial tasks. Whether you need to reach high shelves, perform maintenance work, or work on construction sites, our ladders are the perfect solution. The 3m size and 30cm step height make it easy for you to reach high places and complete your tasks efficiently.

Easy to Use

Our Scaffolding Ladders are designed for ease of use. With their lightweight and portable design, you can easily move them around and adjust them to the desired height. The non-slip steps and sturdy handrails provide added safety and stability, making it easy for you to climb up and down the ladder.

Multi-functional

Our Scaffolding Ladders are not just limited to industrial use. They can also be used for household tasks such as cleaning gutters, changing light bulbs, or painting walls. With their versatile design and sturdy construction, our ladders are a practical addition to any home or workplace.

Safe and Secure

Safety is our top priority, and our Scaffolding Ladders are designed to provide a safe and secure platform for you to work on. The sturdy construction, non-slip steps, and handrails ensure that you can work with confidence and without any risks. Our ladders also come with a 2-year warranty, giving you peace of mind and assurance in your purchase.

Convenient Storage

When not in use, our Scaffolding Ladders can be easily folded and stored away, taking up minimal space. This makes them a convenient and practical choice for both home and industrial use. You can easily store them in your garage, shed, or truck, ready for whenever you need them.

Invest in our Scaffolding Ladders today and experience their versatility, durability, and ease of use. With their sturdy construction, multi-functional design, and convenient storage, they are the perfect solution for all your industrial needs. So why wait? Get your Scaffolding Ladders now and take your industrial tasks to new heights!

Application and Scenarios

Scaffolding ladders are essential tools used in construction, maintenance, and repair work. They provide a safe and stable way for workers to access high areas. The bythai BM224 is a high-quality ladder with hook that is perfect for various industries and projects.

Construction Sites

When it comes to building structures such as houses, buildings, or bridges, scaffolding ladders are a must-have. The BM224 comes with a hook that can easily be attached to the scaffolding props, providing a secure and stable platform for workers to climb and perform their tasks. The ladder's aluminum material makes it lightweight and easy to transport from one location to another.

Maintenance Work

For maintenance work in commercial or industrial facilities, the BM224 is a reliable and durable ladder choice. Its HDG surface treatment ensures resistance to corrosion, making it suitable for use in different environments. The ladder's height of 30cm makes it ideal for accessing high areas such as ceilings or roofs.

Home Repair and DIY Projects

Homeowners who love to do DIY projects or repairs around the house can benefit from the BM224 ladder. Its hook feature allows for easy attachment to the scaffolding props, providing a safe and stable platform for various tasks such as painting, cleaning, or changing light bulbs. The ladder's silver color also adds a sleek and modern touch to any home.

Safety and Stability

Bythai understands the importance of safety and stability in any work environment. That is why the BM224 ladder is designed with these two attributes in mind. The ladder's hook ensures that it stays in place while the worker is on it, preventing any accidents or falls. The HDG surface treatment and aluminum material also provide durability and sturdiness, ensuring the ladder's stability. The BM224 ladder also comes with a 2-year warranty, giving customers peace of mind and assurance of its quality and performance. With the bythai BM224 ladder, safety and stability are guaranteed in any job or project.

Choose bythai for your next construction project and experience our top-quality Scaffolding Ladders with customized services to meet your unique needs. Contact us today for more information.

Packing and Shipping:

Packaging and Shipping for Scaffolding Ladders

Our Scaffolding Ladders are carefully packaged and shipped to ensure safe delivery to our customers.

Packaging

Each Scaffolding Ladder is individually wrapped in protective plastic and then placed in a sturdy cardboard box. The box is then sealed with strong tape to prevent any damage during transit.

For larger orders, the Scaffolding Ladders will be securely packed on a pallet and shrink-wrapped for added protection.

Shipping

We offer several shipping options to best fit your needs and budget:

Standard Ground Shipping: Our standard shipping option is the most cost-effective and typically takes 5-7 business days for delivery.

Expedited Shipping: For those in need of a faster delivery, we offer expedited shipping options at an additional cost.

International Shipping: We also ship our Scaffolding Ladders internationally. Please contact us for a quote and estimated delivery time.

Once your order has been shipped, you will receive a tracking number via email so you can keep track of your package's journey.

At Scaffolding Ladders, we take great care in packaging and shipping our products to ensure they arrive in perfect condition. If you have any questions or concerns about your order, please don't hesitate to contact us.
