

Construction Equipemt Tools Scaffolding Steel Planks Scaffolding Price Q235 Planks

Our Product Introduction

for more products please visit us on bythaiscaff.com

Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Model Number: BM205
- Minimum Order Quantity: 1000
- Price: 4.5-8.5
- Packaging Details: In bundles
- Delivery Time: 10-15
- Payment Terms: container, shipping

Product Specification

- Usage: Scaffolding
- Packaging: Container
- Place Of Shipment: China
- Surface: Pre-galvanized/hot Dip Galvanized/Spray Plastic
- Material: Steel
- Length: Customized
- Highlight: **Pre Galvanized Scaffolding Steel Planks, Q235 Scaffolding Steel Planks, Construction Q235 Scaffolding Plank**

Product Description:

Scaffolding is an essential tool in the construction industry, providing a safe and efficient means for workers to reach heights and complete tasks. And when it comes to scaffolding, one product stands out above the rest - the Scaffolding Plank. The Scaffolding Plank is a versatile and durable steel plank scaffold that is designed to meet the high demands of construction sites. Made from high-quality steel, this product is built to last and can withstand heavy loads and harsh environments. Place of Shipment: China

The Scaffolding Plank is proudly manufactured in China, a country known for its high-quality steel production. This ensures that the product meets the highest standards and is made with the best materials. Material: Steel

Steel is the perfect material for scaffolding planks due to its strength and durability. The Scaffolding Plank is made from high-quality steel, making it strong enough to support heavy loads and withstand harsh conditions. Usage: Scaffolding

The Scaffolding Plank is specifically designed for use in scaffolding systems. It provides a stable and secure platform for workers to perform tasks at heights, ensuring their safety and efficiency. Packaging: Container

The Scaffolding Plank is packaged in containers, making it easy to transport and store. This ensures that the product arrives at the construction site in perfect condition, ready to be used immediately. Surface: Pre-galvanized/hot Dip Galvanized/Spray Plastic

The Scaffolding Plank is available in three different surface finishes - pre-galvanized, hot dip galvanized, and spray plastic. This allows customers to choose the surface finish that best suits their needs and the environment in which it will be used. The pre-galvanized surface provides a protective layer against rust and corrosion, making it suitable for use in indoor and outdoor settings. The hot dip galvanized surface is even more durable and is ideal for use in harsh and corrosive environments. The spray plastic surface adds an extra layer of protection, making it perfect for use in extreme weather conditions. Steel Plank Scaffold, Steel Scaffolding Plank, Steel Plank with Hooks Steel Catwalk Scaffold

The Scaffolding Plank is also known as the steel plank scaffold, steel scaffolding plank, and steel plank with hooks steel catwalk scaffold. These names highlight the product's versatility and functionality, making it the go-to choice for scaffolding needs.

Overall, the Scaffolding Plank is the perfect solution for safe and efficient scaffolding. Its high-quality steel construction, versatile design, and various surface finishes make it a must-have for any construction site. Choose the Scaffolding Plank for your scaffolding needs and experience the difference it can make.

Features:

Product Name: Scaffolding Plank

Material: Steel

Packaging: Container

Place of Shipment: China

Usage: Scaffolding

Surface:

Pre-galvanized

Hot Dip Galvanized

Spray Plastic

Key Features:

Strong and durable steel plank with hooks for easy installation and disassembly

Suitable for use on various types of scaffolds

Compatible with ringlock scaffolding system

Designed specifically for scaffolding use

Technical Parameters:

Technical Parameters	Description
Place of shipment	China
Usage	Scaffolding
Surface	Pre-galvanized/hot Dip Galvanized/Spray Plastic
Material	Steel
Packaging	Container
Length	Customized
Product Name	Steel Plank with Hooks
Alternative Names	Steel Catwalk Scaffold, Steel Staging Plank, Galvanized Steel Planks

Applications:

Scaffolding Plank - Bythai

Brand Name: Bythai

Model Number: BM205

Place of Origin: China

Minimum Order Quantity: 1000

Price: 4.5-8.5

Packaging Details: In bundles

Delivery Time: 10-15

Payment Terms: container, shipping

Material: Steel

Length: Customized

Usage: Scaffolding, construction scaffolding, construction platform

Packaging: Container

Surface: Pre-galvanized/hot Dip Galvanized/Spray Plastic

Product Description

The Scaffolding Plank - Bythai is a high-quality and durable steel plank designed for use in construction scaffolding and platforms. Made from strong steel material, it is able to withstand heavy loads and provide a sturdy platform for workers to stand on. Its versatile design makes it suitable for a variety of construction projects, making it a must-have for any construction site.

Features

Product Name	Features
Steel Scaffolding Plank	Made from high-quality and durable steel material
Steel Planks w/hook	Comes with hooks for easy and secure installation onto scaffolding frames
Steel Plank for Scaffold	Specifically designed for use in construction scaffolding
Construction Scaffolding	Perfect for creating a safe and stable platform for workers on construction sites
Construction Platform	Can be used for a variety of construction projects, providing a stable and reliable platform for workers

Customization

The Scaffolding Plank - Bythai can be customized in terms of length to fit the specific needs of your construction project. This ensures that you have the perfect size and fit for your scaffolding needs, increasing efficiency and safety on the job site.

Packaging and Delivery

The planks are packaged in bundles for easy transportation and storage. They are delivered in containers, making it convenient for shipping to any location. The delivery time is 10-15 days depending on the quantity ordered and the destination.

Pricing

The price of the Scaffolding Plank - Bythai ranges from 4.5 to 8.5, depending on the quantity ordered. This competitive price makes it an affordable option for any construction project, while still maintaining its high quality and durability.

Conclusion

The Scaffolding Plank - Bythai is the perfect choice for any construction project requiring a strong and reliable platform. Its customizable length, versatile usage, and competitive pricing make it a popular choice among construction companies. With its strong and durable steel material, it ensures the safety and efficiency of workers on any construction site.
