

## Step Style Blue Pre-Galvanized Q355 Steel Frame Scaffolding Powder Coated and Sturdy

Our Product Introduction

for more products please visit us on [bythaiscaff.com](http://bythaiscaff.com)

### Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Certification: SGS
- Model Number: BT04
- Minimum Order Quantity: 1000pcs
- Price: 18.9-28.9
- Packaging Details: Bundle
- Delivery Time: 15-30 Working Days
- Payment Terms: L/C, T/T
- Supply Ability: 5000t/Month

### Product Specification

- Features: Easy To Assemble And Disassemble
- Stability: High
- Surface Treatment: Powder Coating
- Safety: High
- Durability: Long-lasting And Sturdy
- Weight: Lightweight
- Load Capacity: 1000kg
- Material: Steel
- Size: Various Sizes Available
- Component: Frame, Joint Pin, Base Plate, Screw Jack, Etc.
- Easy Installation: Yes
- Usage: Indoor/Outdoor

## Product Description

### Product Description:

Our Step Style Frame Scaffolding, made from Q355 steel, provides superior strength and durability for various construction tasks. The blue pre-galvanized finish offers excellent rust resistance, ensuring longevity even in harsh environments. This scaffolding features built-in steps for easy access between levels, making it suitable for both commercial and industrial applications. The Step Style scaffolding combines ease of use with robust construction, ensuring a safe and efficient working environment. Its long-lasting performance makes it a cost-effective solution for your scaffolding needs.

### Features:

**Product Name:** Frame System Scaffolding

**Surface Treatment:** Powder Coated

**Reusability:** Yes

**Safety:** High

**Flexibility:** High

**Color:** Steel, Painted Color

**Ladder Frame:** Yes, for Frame System Structuring

### Technical Parameters:

name	Size(W*H)	Materials	surface
Mason/Step Frame	4*5'(1.219m*1.524m)	Q195 /Q235/Q355B	Powder Coated
	5*3'(1.524m*0.914m)		
	5*4'(1.524m*1.219m)		
	5*5'(1.524m*1.524m)		
	5*6'4"(1.524m*1.930m)		

## Applications:

### Bythai BT04 Frame System Scaffolding

Bythai BT04 Frame System Scaffolding is a perfect combination of h frame and ladder frame structures that offer an efficient and cost-effective solution for construction projects. It features a high load-bearing capacity, high durability, excellent safety, and reusability. In addition, it is highly cost-effective, making it the perfect choice for applications such as scaffolding, formworks, and temporary structures. These features make Bythai BT04 Frame System Scaffolding the ideal choice for any construction project, as it ensures that the job is done efficiently, safely, and with minimal cost. The high load capacity, durability, and safety of the frame system make it ideal for any kind of scaffolding, formwork, or temporary structure, while the reusability ensures that the product can be used for multiple projects. Bythai BT04 Frame System Scaffolding is the ideal choice for any construction project due to its high load capacity, durability, safety, reusability, and cost-effectiveness. With this product, you can be sure that your construction project will be completed efficiently, safely, and cost-effectively.

## Customization:

### Bythai BT04 Scaffold Mobile Frame System

This scaffold mobile frame system is made from high-quality materials, offering you superior durability and stability. It is lightweight, making it easy to move and transport. It is also cost-effective and can be customized to fit your needs. The Bythai BT04 Scaffold System is an excellent walk-through scaffold system that provides maximum safety and efficiency.

## Support and Services:

We provide technical support and services for Frame System Scaffolding. Our technical support team has a range of experts who are available to answer any questions you may have about the product. We also provide ongoing maintenance and monitoring services to ensure the system is running optimally. Our team is trained in the latest technologies and can provide custom solutions to any issues you may have. We strive to provide the best customer service and support to our customers so that they can have the best experience with our product.
