

Hot-Dip Galvanized Frame System Scaffolding, Heavy-Duty Carbon Steel H-Frame Scaffold, Anti-Corrosion Welded Door-Type Scaffolding Frame For Building Construction And Civil Engineering Projects

Our Product Introduction

for more products please visit us on bythaiscaff.com

Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Certification: SGS
- Model Number: SCA-FRAME-001
- Minimum Order Quantity: 1000pcs
- Price: 18.9-28.9
- Packaging Details: Bundle
- Delivery Time: 15-30 Working Days
- Payment Terms: L/C, T/T
- Supply Ability: 5000t/Month

Product Specification

- Material: Q235, Q235/Q345, Q345, Q235 Steel / Q345, Q235 Or 20# Steel
- Type: Shoring Frame System, Light Duty, H Frame Scaffolding, Scaffolding, Electrical Lifting Scaffold
- Surface Treatment: Hot Dip Galvanized, Galvanized, Powder Coated, painted
- Color: Silver, Blue, Red, Orange, grey Etc
- Application: Building Construction, Shoring Frame, stucco Etc., For Inside And Outside Construction Building, Frame Scaffold
- Product Name: Frame Scaffolding Parts Main Frame, Scaffolding, Metal Shoring Frame System, Adjustable Scaffolding Props, Construction Sealing Construction Steel Frame Scaffolding Systems
- Size: 5ft By 4ft & 5ft By 5ft & 5ft By 6ft 8inch, 1910*680*2965mm, 1219*1524/1700/1910 As Per Buyer Need, 1930*1219mm

Product Description

Product Description:

Constructed from Q355 steel, our Mason Style Frame Scaffolding delivers superior strength and durability. The orange powder-coated finish provides excellent protection against corrosion and improves visibility on the job site. Designed for easy assembly and stability, this scaffolding system is ideal for masonry work and other heavy-duty construction tasks. Suitable for both commercial and industrial use, the Mason-style scaffolding ensures reliable performance and long-term value. Its robust design makes it a preferred choice for demanding projects.

Features:

Product Name: Frame System Scaffolding

Surface Treatment: Powder Coated

Reusability: Yes

Safety: High

Flexibility: High

Color: Steel, Painted Color

Ladder Frame: Yes, for Frame System Structuring

Technical Parameters:

name	Size(W*H)	Materials	surface
Mason/Step Frame	4*5'(1.219m*1.524m)	Q195 /Q235/Q355B	Powder Coated
	5*3'(1.524m*0.914m)		
	5*4'(1.524m*1.219m)		
	5*5'(1.524m*1.524m)		
	5*6'4''(1.524m*1.930m)		

Applications:

Bythai BT04 Frame System Scaffolding

Bythai BT04 Frame System Scaffolding is a perfect combination of h frame and ladder frame structures that offer an efficient and cost-effective solution for construction projects. It features a high load-bearing capacity, high durability, excellent safety, and reusability. In addition, it is highly cost-effective, making it the perfect choice for applications such as scaffolding, formworks, and temporary structures.

These features make Bythai BT04 Frame System Scaffolding the ideal choice for any construction project, as it ensures that the job is done efficiently, safely, and with minimal cost. The high load capacity, durability, and safety of the frame system make it ideal for any kind of scaffolding, formwork, or temporary structure, while the reusability ensures that the product can be used for multiple projects.

Bythai BT04 Frame System Scaffolding is the ideal choice for any construction project due to its high load capacity, durability, safety, reusability, and cost-effectiveness. With this product, you can be sure that your construction project will be completed efficiently, safely, and cost-effectively.

Customization:

Bythai BT04 Scaffold Mobile Frame System

This scaffold mobile frame system is made from high-quality materials, offering you superior durability and stability. It is lightweight, making it easy to move and transport. It is also cost-effective and can be customized to fit your needs. The Bythai BT04 Scaffold System is an excellent walk-through scaffold system that provides maximum safety and efficiency.

Support and Services:

We provide technical support and services for Frame System Scaffolding. Our technical support team has a range of experts who are available to answer any questions you may have about the product. We also provide ongoing maintenance and monitoring services to ensure the system is running optimally. Our team is trained in the latest technologies and can provide custom solutions to any issues you may have. We strive to provide the best customer service and support to our customers so that they can have the best experience with our product.
